“Holy shirtballs. we can [use] ... [@nbcthegoodplace](#) to teach” about replication! [Season 3, Episode 11]

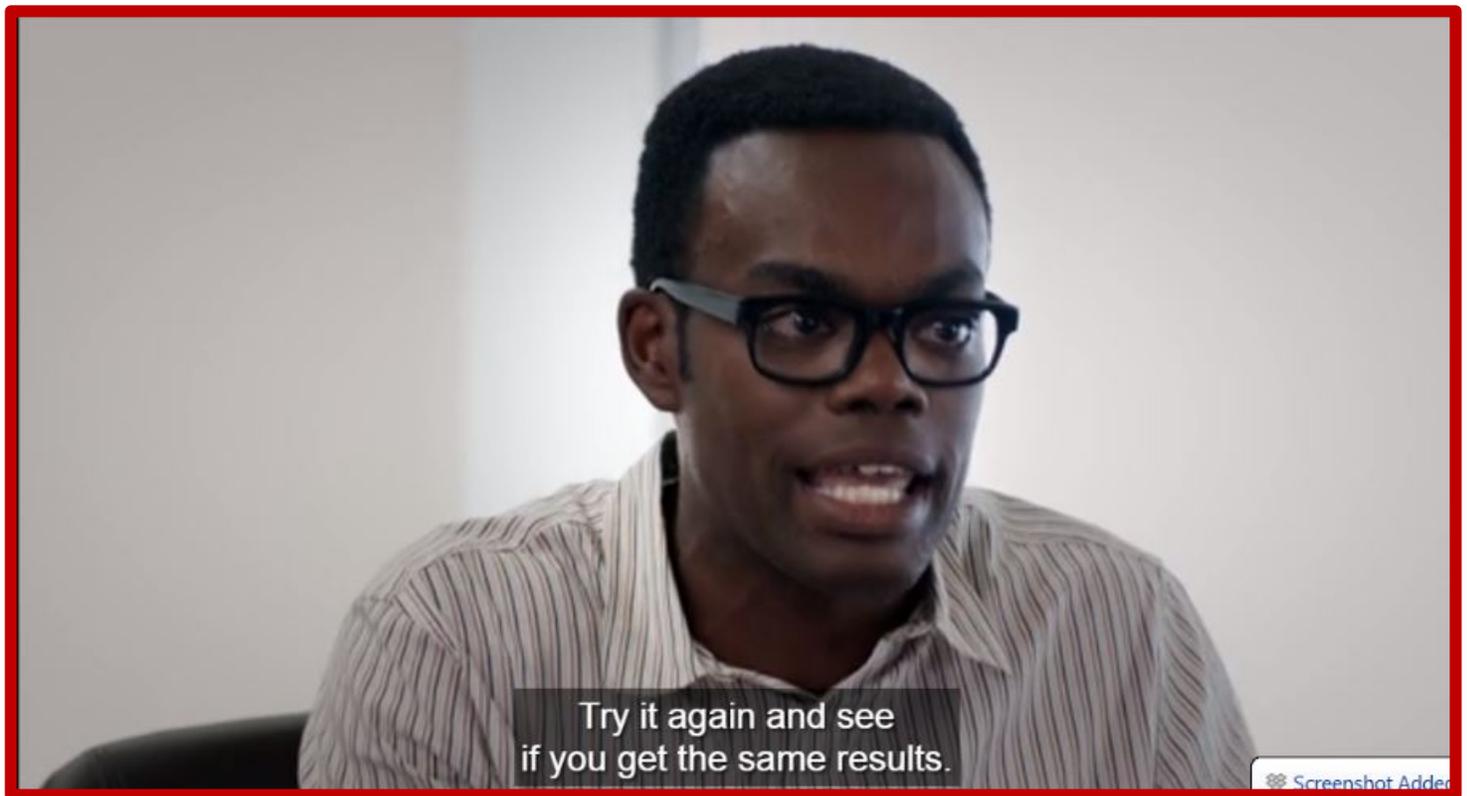

[Caption: The four of us becoming better people could be a fluke.]

[Caption: So let's repeat the experiment.]

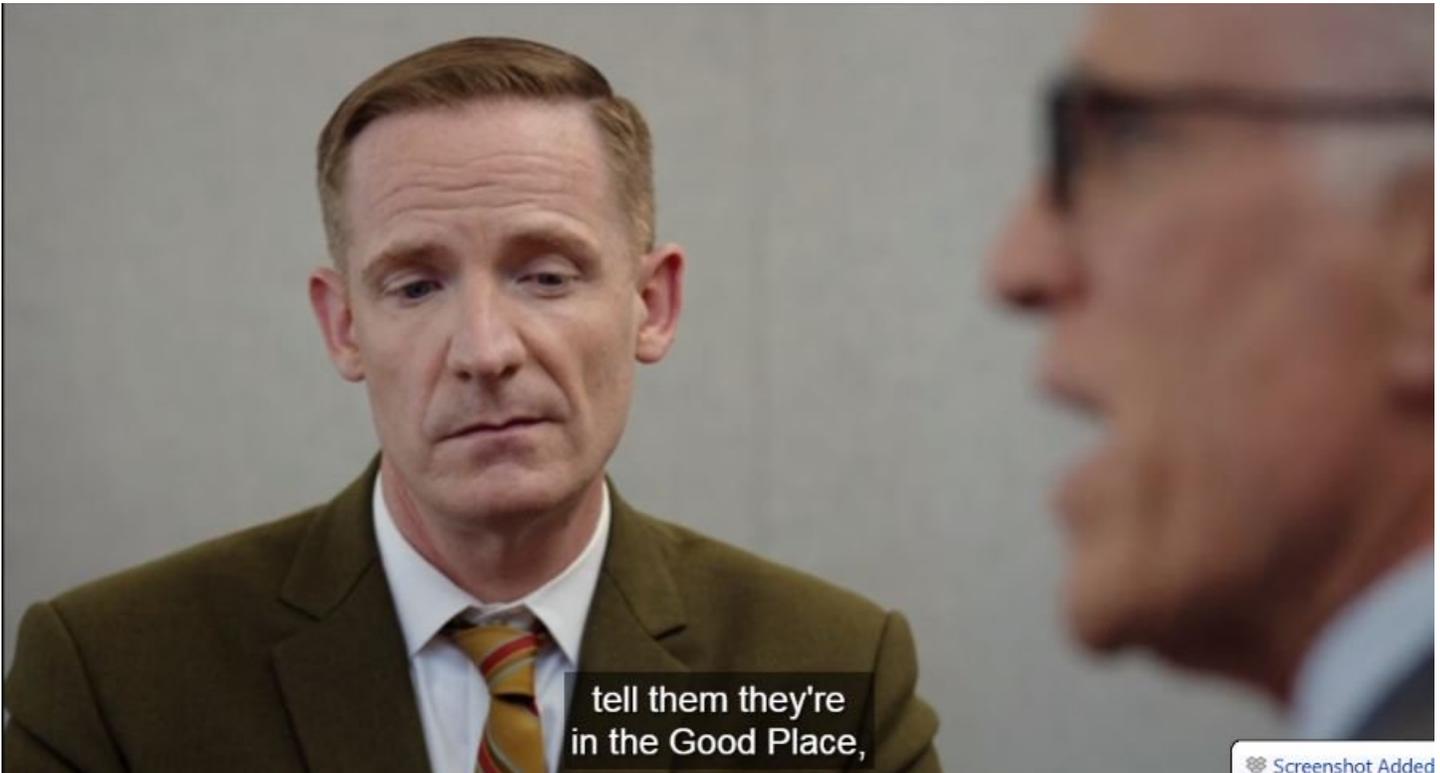

[Caption: It's what Simone taught us about data collection.]

[Caption: Try it again and see if you get the same results.]

[Caption: We choose four new people,]

[Caption: tell them they're in the Good Place,]

[Caption: create challenges for them, track their progress.]
